

Piloting innovative involvement work in Leeds POPP programme

Penny Redwood

RNIB, formerly Leeds Adult Social
Care

Leeds POPP Programme

- Focus on older people's mental health
- Twelve projects
- objectives of programme - to reduce unnecessary hospital admissions & enable speedier discharges
- Involvement project - influencing the training plan & promoting involvement in service development across the projects

Life Story work

- In the community, in peoples' homes
- Introduced by Community Support
- Alongside Support Plan
- Person-centred
- Outcome focused
- Enabling culture rather than 'doing' for'
- Contact for further info:
- Jackie.wright@leeds.gov.uk

Video diaries

- In residential home and resource centres
- Undertaken by Outreach Workers
- Aim to understand the experience of individual pathways followed by people
- To use this information for care planning and service development

Audio diaries & Patient Stories

- In local authority residential homes and resource centres
- Outreach Workers piloting them
- Aim to understand the pathway taken by individuals both for service development and care planning
