**Family Carers Matter: the experience of family carers of life story work in Tyne and Wear**
Jean Tottie, former carer and Heather Self, family carer.

5.4 WORKSHOP: EXPLORING GRIEF & LOSS

**Sharing our true feelings**
In the upbeat atmosphere of Congress, as we hear about effective and life-enhancing projects and services, carers of people with dementia sometimes feel that the pain and extent of the grief and loss they feel is buried, and that professionals underestimate the strength of these emotions. This workshop aims to provide a setting in which to explore these feelings and raise awareness among professionals. Chair: Professor John Keady, University with Manchester, with carers and professionals including Lucy Whitman

5.5 CARE HOMES & HOSPITAL ADMISSIONS

**Reducing avoidable hospital admissions from care homes: challenges and opportunities. Report of key research**
A systematic literature review of the factors associated with avoidable hospital admissions identified promising interventions, and the researchers undertook preliminary fieldwork to better understand current health care practice in UK nursing homes, in close collaboration with family carers. Participants will be invited to share their views and experiences of addressing this policy imperative. Presenters include: Prof Murna Downs (chair), Sarah Holbrey & Jenny Adams, University of Bradford, Dr Liz Sampson, University College London, Barbara Woodward-Carlton (tbc), Carer Reference Panel, Cath Davis, Wellsprings Nursing Home, Bradford

5.6 SATELLITE SYMPOSIUM
